

# Cook Caregiver OF THE MONTH

June's honorary Cook Caregiver of the Month is...

## **Amanda Nash**

A sense of peace permeates the halls and rooms of Faith Hospice at Trillium Woods. Amanda Nash is a caregiver who contributes to this feeling of serenity. She has a heart for those receiving care and for the family members who surround them. She is aware that being terminally ill does not mean living ceases; patients want to talk and share, even offer advice. Their "life stories" are still being written and her goal is to be there for them and meet their needs.

Amanda cherishes the lessons and memories of each person in her care. On her day off she finds her way back to Trillium Woods with her two dogs, canine companions who bring patients joy and a reminder of unconditional love.

Death is not always an easy transition, but being able to join with other caregivers in singing "Amazing Grace" around a bedside gives a sense of peace to those who so bravely move into a life beyond. Knowing that death releases a special person from suffering helps Amanda to accept the loss. She also realizes that the impact of each life is a gift she will always treasure.

Please consider nominating a Caregiver in your life. Submit your nomination online at [www.cookfuneralservices.com](http://www.cookfuneralservices.com) or send to:
