

Cook Caregiver OF THE MONTH

Cook Family Services Recognizes Virginia Thompson of Trillium Woods as the January Caregiver of the Month

Caregivers are a source of encouragement and strength not only for their patients but also for the supporting family. Virginia was nominated because of the special care she provides and for her compassionate heart.

Family members shared how during a particular time of weakness, she

joined them around the bedside of their loved one and with her beautiful voice led them in singing Amazing Grace. This is a memory the family will always cherish.

Virginia Thompson

Hospice caregivers realize they are there, not to help someone die, but to help someone live until they die. They strive to treat people with compassion and dignity, knowing this is a time to make every moment count. Cook Funeral & Cremation Services honors Virginia and other dedicated caregivers for the amazing work they do every day.
